

## Tu B'Shevat Books for Children

There are lots of books for Tu B'Shevat: Jewish, Nature themed, Fiction and Non-fiction. You can find them in our Temple library or other Temple Libraries.

Many of you may already receive books from PJ Library. If you don't, get in touch with them at the Jewish Community Federation to sign up:

If you want to browse books with your kids online, I recommend using the **Kids Catalog**. It's easy to use, kids can choose categories as well as search for authors, and they can look at the cover of the book.
