And an interesting website, www.doyou10q.com, which describes itself as follows:

10 Days. 10 Questions.

Answer one question per day in your own secret online 10Q space. Make your answers serious. Silly. Salacious. However you like. It's your 10Q. When you're finished, hit the magic button and your answers get sent to the secure online 10Q vault for safekeeping. One year later, the vault will open and your answers will land back in your email inbox for private reflection. Want to keep them secret? Perfect. Want to share them, either anonymously or with attribution, with the wider 10Q community? You can do that too.

Next year the whole process begins again. And the year after that, and the year after that. Do you 10Q? You should.
